SPRING SUMMER 2024 JUNIOR COLLECTION

SPRING SUMMER 2024

Save The Duck Spring/Summer 2024 collection proudly highlights the brand's partnership with The Sumba Foundation, a non-profit organization that provides clean water access to over 30.000 people on Sumba Island, Indonesia. This collaboration enables Save The Duck to balance the 2022 water consumption associated with the production of its garments and related materials by providing water to the island villages.

Indonesia and its breathtaking landscapes are the primary inspiration and recurring theme for Save The Duck Spring/Summer 2024 collection. The color palette encompasses soft hues of clear water and dawn light, earthy and sandy neutrals, warm sunset yellows and oranges, as well as vibrant shades and animal prints inspired by Indonesia's rich flora and fauna.

The Kids collection offers scaled down versions of the most iconic adult styles and renews its collaboration with The Animals Observatory, introducing two new playful and colorful prints
